

Sanitizing Mouthed Toys

1. Set aside mouthed toys in separate container
2. Scrub toys in warm, soapy water with a brush to reach crevices
3. Rinse in clean water
4. Mix sanitizing solution
(2 tsp of 6.25% bleach to 1 gallon clean cool water or
1-2 tsp 8.25% bleach to 1 gallon water)
5. Submerge in sanitizing solution for 2 minutes and then let air dry
6. Allow to air dry
