Professional Development Resources

First Year Staff: Professional Development Plan Ideas

- Best Practice: Staff should participate in a professional development plan within the first 90 days of hire
- PD Plan can be included as a part of the staff evaluation, which is an annual regulatory requirement
- Include licensing requirements such as Orientation completion, First Aid/CPR training, and obtaining the 15 hours of early care and education training
- PD Plan should be included in the staff's personnel file (individual should keep a copy for their records as well)
- Completion of staff probation/interim evaluation of job status

Kentucky's Early Care and Education Core Content

1. Child Growth and Development

Experiences for any child, regardless of age, must be planned around the child's developmental abilities.

2. Health, Safety, and Nutrition

These are the basic needs of all human beings, and early childhood environment must ensure them.

3. Professional Development/Professionalism

Adults providing early care and education must take advantage of opportunities to grow professionally, follow ethical standards of behavior, and demonstrate knowledge of and involvement in advocacy for early childhood learning environments.

4. Learning Environments and Curriculum

Developmentally appropriate environments and curricula have a positive impact on a child's emotional, physical, cognitive, communicative, creative, and social care.

5. Child Assessment

Ongoing assessment helps early childhood educators evaluate all areas of a child's growth and development.

6. Family and Community Partnerships

Understanding the roles that family members and others play in children's lives is vital for early childhood educators.

7. Program Management and Evaluation

Adults providing early care and education must use all available resources for a quality program.
