

Oh, the Things We Can Do!

Health and Safety Coaches (HSC) provide FREE ongoing technical assistance to currently licensed and potential child care providers. This free service is offered in all 120 counties across the state.

- **Getting Started in Child Care:** Everything you need to know to open your child care facility.
- **Director Consultation:** New director or just need a refresher? Let's review your roles and responsibilities.
- **Regulation Overview:** A review of reminders and the most-referenced regulations.
- **Staff Meeting:** We'll help facilitate discussion on a topic of your choice within the regulations.
- **Walk-Through:** This process will help identify areas to address on your premises and in your programming, and prepare for your official licensing visit.
- **Training Records:** We'll guide you through your professional development training records system.
- **Plan of Correction Assistance:** Support in addressing and correcting deficiencies.
- **Directed Plan Of Correction:** We can help you implement the required corrections and create plans to continue compliance.
- **All Stars Level 2:** Let's talk through increasing your quality rating!

We're with you every step of the way. Contact your HSC today!
